Hi-Tech Industry Executive

Executive Director
Kathy Klotz

Dear Maja Kuhar:

Please consider this our official statement of the fact that Intermountain Therapy Animals, founders of the Reading Education Assistance Dogs® (R.E.A.D.®) program, grants you and your group, **Tačke pomagačke**, the exclusive right to promote R.E.A.D. and offer R.E.A.D. program services in all Slovenia. We are pleased that your group member colleagues have been providing R.E.A.D. to children since June of 2010.

This permission includes the right to teach others the appropriate methods, protocols and practices of the R.E.A.D program.

We know you will stay in close contact with our organization to keep the program up to date, share information, and resolve issues as they arise.

We are very happy and proud that you have chosen R.E.A.D. for literacy support with children in Slovenia, and for your commitment to excellence in carrying out the program services as they have been designed.

Please contact us at any time with questions, or for whatever you may need.

With sincere gratitude and best wishes,

Kathy Klotz
Executive Director

Intermountain Therapy Animals/R.E.A.D.
